

**Extensive expertise
in medical supplies.**

Trust you can build on.

A Saudi company supplying medical devices and supplies to individuals and organisations, while developing partnerships with manufacturers and suppliers.

01 / THE COMPANY

Product knowledge. Customer insight.

We combine branch sales with field engagement to understand customer needs and offer suitable products for everyday and home care.

Our knowledge of products and customer needs helps us select suitable medical supplies and develop well-considered partnerships.

Since 2017

02 / OUR DIRECTION

A clear vision. Lasting partnerships.

01

Our vision

To be a trusted medical devices and supplies partner in Saudi Arabia, growing through quality and close customer relationships.

02

Our mission

To provide suitable medical devices and supplies for everyday and home care, serve individuals and organisations, and build lasting collaboration with manufacturers and suppliers.

03

Our values

Quality in product selection, transparency in our dealings, commitment to customer service, and partnership for shared growth.

03 / OUR MEDICAL PORTFOLIO

Medical solutions for better everyday care.

Medical devices and supplies for everyday and home care. Contact us about specifications and availability, or introduce products that complement our portfolio.

01

Measurement & monitoring devices

Blood pressure, blood glucose, temperature and oxygen saturation monitoring devices.

02

Nebulisers & accessories

Nebulisers and their related masks and accessories.

03

Mobility & rehabilitation

Wheelchairs, walkers, crutches and mobility aids.

04

Patient beds & room essentials

Patient beds, accessories and products for care and comfort.

05

Consumables & wound care

Dressings, medical consumables and daily care supplies.

06

Personal & daily care

Personal care products that support health and comfort at home.

04 / PARTNERSHIPS

Partnerships built to grow.

We offer manufacturers and suppliers an established starting point in Saudi Arabia: six branches, sales representatives across the Kingdom and direct insight into customer needs.

01

Distribution

Connecting products with suitable sales channels through our branches and sales representatives.

02

Representation & agencies

Exploring brand representation, the product range and the target market.

03

Market development

Assessing how products meet customer needs and their potential in the local market.

To start a conversation, share your product catalogue and specifications so we can discuss sales channels, a collaboration plan and commercial terms.

05 / OUR PARTNERS

Partners whose trust we value.

Eva Clinics

Almana

Tadawi General Hospital

Gama Hospital

Sawaed Association

Al-Dawaa Pharmacies

Hemam Association

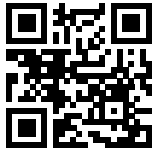

Efaa Association

06 / CONTACT & BRANCHES

Closer care. Broader collaboration.
